Welcome to LINZ

Linz is the third-largest city of Austria and capital of the state of Upper Austria (German: Oberösterreich). It is located in the north centre of Austria, approximately 30 km south of the Czech border, on both sides of the river Danube. The population of the city is 203,012 (2017). The city was founded by the Romans, who called it Lentia. The name Linz was first recorded in AD 799, after Bavarians expanded south and Linz became a center of trade.

Linz is a lively, modern city and a successful one, too. It has a long and eventful history, and the architecture of its developed city centre with the baroque Hauptplatz is unique. The city will delight with its urban lifestyle and exciting cultural scene, it will make curious to discover new things and will open up new perspectives.

In Linz, the European Capital of Culture and a UNESCO City of Media Arts, a triad of culture, nature and industry awaits visitors. Discover the city's diversity on a tour on foot, on the excursion train or a Segway, experience a city combining media arts and contemporary history at first hand in one of the many museums or relax on the beautiful banks of the Danube.

Linzer Torte

The 'Linzer Torte' is considered to have the longest history of any cake in the world; it has carried its name since 1696.

The name of the person who first recorded the recipe or named this confection will always remain a secret. The oldest recorded version of the recipe dates back to a 300 year old cook book. Butter, almonds, sugar, flour and the finest of spices were used to make the pastry in the past. These ingredients are still used today when making the "Original Linzer Torte".

For the past 65 years, the confectioner Jindrak has reproduced the original "Original Linzer Torte" with great care and skill. By visiting the Jindrak confectionery, you and your friends can taste and enjoy a premier example of Austria's culinary traditions.
