INTRODUCTION

Petr Skokan,
President of the Region

I would like to express my support of this project - **European Unofficial Figure Skating Championships for Youngsters**. I think it is a great idea to hold an event like this. I am always pleased to hear that there are children whose hobby is sport and they are enthusiastic to devote time and effort to it. Therefore I also appreciate work of the organizers who try to offer interesting events to them, events where they can present and measure their skills and abilities. I wish much success while organizing this event and I wish all the participants to do well both in the competition and their private life.

Petr Skokan

Jiří Kittner,
Mayor of Liberec

I have been familiar with this project since last year when the zero year of this competition was held under the auspices of the town of Liberec. I know that the organizers wish to create an annual prestigious international competition. I like and support an idea like this because it is very inspirational. Especially now, when Liberec can offer, by means of the new multifunctional arena, not only a great sporting place, but also excellent conditions for both athletes and organizers. I wish good luck to all members of the organizing team both while preparation and the course of this competition and a lot of unforgettable experience to athletes.

Jiří Kittner

Tomáš Pochop,
General Manager of the Czech Skating

In the last years Liberec became the scene of a lot of important sporting events. The assignment of organizing the FIS Nordic World Ski Championships Liberec 2009 will be the greatest event without any doubt. We would like Liberec to become a place where events like this are traditionally organized and also in various disciplines including the figure skating. I am sure that the opening of the new multifunctional Tipsport arena, which must charm every visitor, will help this project, too. I think that all these positives together with the idea of organizing The Figure Skating Championships for youngsters in Liberec will help us to start the long term tradition that will come into knowledge like the regular and quality competition supported not only by the Czech Figure Skating Union but also by The Figure – Skating Federation - ISU. Wishing a lot of sporting success and great experience.
