A well-balanced CHICKS and CUBS Free Skating Program must contain:

a) Maximum of 4 jump elements one of which must be an Axel type jump.

There may be up to two (2) jump combinations or one (1) jump combination and one (1) jump sequence.

Jump combinations and the jump sequence consist of two (2) jumps.

In the jump sequence the second jump must be an Axel type jump with a direct step from the landing curve of the first jump into the take-off curve of the Axel jump.

One full revolution on the ice between the jumps (free foot can touch the ice, but without weight transfer) keeps the element in the frame of the definition of a jump sequence. Jumps executed in a jump sequence receive their full value.

No triple and quadruple jumps are allowed.

Only one single jump and one double jump (including Double Axel) can be repeated once.

- b) There must be a maximum of two (2) spins of a different nature (abbreviation), one of which must be a spin combination and one must be a spin with no change of position.

The spin combination with a change of foot and a minimum of eight (8) revolutions or without a change of foot with a minimum of six (6) revolutions.

The spin in one position with a change of foot minimum of eight (8) revolutions or spin in one position without change of foot minimum of six (6) revolutions.

In both spins flying entries are allowed.

- c) There must be a maximum of one (1) Choreo Sequence.

Level explanation: For CHICKS and CUBS, in all elements that are subject to Levels, only features up to Level 2 will be counted. Any additional features will not count for Level requirements and will be ignored by the Technical Panel.

The program components will be judged only according to the following criteria:

- a. Composition
- b. Presentation
- c. Skating Skills

The factors for the program components are 1.67.

The same ISU rules on Judging, refereeing and work of the Technical Panel will be applied as it is in junior and senior international competitions.
