11th MEXICAN OPEN SKATING COMPETITION 2026
"11° Festival Abierto Mexicano de Patinaje 2026"
QUALIFYING EVENT - NOVEMBER 23 - 29

a) Masters Elite

Free Skating - Duration of the Program: 3 minutes +/- 10 seconds

Skaters entering this category will compete against other Masters Elite Free skaters. The technical requirements are the same as those for the category "Masters Free Skating," with the exception that triple jumps are permitted. The Masters Elite category is intended for skaters who competed previously at the junior or senior level in national or international competition but is not mandatory for nor limited to such skaters. It is also open to skaters who wish to include double axel and/or triple jumps in the free skating program.

b) Masters

Free Skating - Duration of the Program: 3 minutes +/- 10 seconds

A competitor in the Masters Free Skating event must perform a well-balanced program that may contain:

- ✓ A maximum of five (5) jump elements, one of which must be an Axel type jump. Single and double jumps are permitted. No triple or quadruple jumps are allowed.
 - There may be up to two (2) jump combinations or one (1) jump combination and one (1) jump sequence.
 - One (1) jump combination or one (1) jump sequence may consist of up to three (3) listed jumps. The other may have two (2) listed jumps. There may be up to two (2) jump combinations or one (1) jump combination **without using an Euler (half-loop)** and one (1) jump sequence. One jump combination or jump sequence can consist of up to three (3) jumps, the other up to two (2) jumps.
 - A jump sequence consists of two or three jumps of any number of revolutions, in which the second and/or the third jump is an Axel type jump with a direct step from the landing curve of the first/second jump into the take-off curve of the Axel jump.
 - **An Euler (half-loop) when used in a jump combination or sequence between two listed jumps will be called but will not be considered as a listed jump, and will not be counted in the number of the jumps of the concerned combination or sequence. After the execution of the Euler (half-loop) no change of foot is allowed. An Euler (half-loop) can be executed only once in the Free Skating**
 - Each listed jump may be performed a maximum of two (2) times.
- ✓ A maximum of three (3) spins of a different abbreviation
 - one (1) of which must be a spin combination (no flying entrance)
 - one (1) of which must be a flying spin or a spin with a flying entrance with no change of foot
 - one (1) of which must be a choreographic spin
- For the spin combination and the flying spin, the following rules apply:
 - The spins must have a required minimum number of revolutions: five (5) for any spin with no change of foot, and eight (8) for any spin with a change of foot.
 - A spin that has no basic position with 2 revolutions will receive no value, however a spin with less than three rotations in total is considered as a skating movement and not a spin.
